Card to the Public.

WE, THE TEACHERS OF THE PUBLIC SCHOOL for Victoria City and District, finding it impossible to continue teaching, in consequence of non payment of the monies due to us for our services, are reluctantly obliged to close the School till such time as proper provision shall be made for punctual payment of our salaries.

Eighteen months have elapsed since the new School Ordinance became law, during which time we have only received from all sources six months' pay. We deem this explanation necessary under the circumstances; and believe that a discriminating public will not censure us for taking a step which is unavoidable

JOHN JESSOP,
W H BURR.

Fire Department.

ELECTION NOTICE.

IN ACCORDANCE WITH THE PROvisions of the "Firemen's Protection Act, 1861," Notice is hereby given that an ELECTION for CHIEF ENGINEER and ASSISTANT ENGINEER of the Victoria Fire Department will take place on MONDAY, the 3d of OCTOBER, at the House of the Union Hook and Ladder Company. Polls open at 10 a. m. and close at 4 p.m.

JNO DICKSON,
President V.F.D.
se21

Victoria, B C, Sept 20, 1870.

Colony of British Columbia, Vancouver Island, to Wit:

A COURT OF ASSIZE AND GENERAL Gaol Delivery is appointed to be held on MONDAY, 10th day of October, proximo, at the Court House, Victoria at the hour of ELEVEN in the forenoon, before the Hon. Matthew Baillie Begbie, and the Hon Henry Pering Pelew Crease, Justices of our Lady the Queen, assigned to inquire, hear and determine all treasons, misprisons of treasons, felonies, misdeeds, offences and injuries, whatsoever and wheresoever w.. in the said Island committed, and also to deliver all the Gaols and every the Gaol of our Lady the Queen in the said Island

Proclamation is therefore hereby made in conformity to precept directed and delivered to me, to all persons bound to appear at the said Court by recognizance or otherwise, to appear thereat, and all Justices of the Peace, Coroners, and other officers who have taken any inquisition, or the examination of any prisoner and witnesses, are required to return such recognizance, inquisition and examination to the said Court, at the opening thereof, on the first day of its sitting

Given under my hand at the Sheriff's Office, Victoria, on the 5th day of September.

A D, 1870,
A. C. ELLIOTT, High Sheriff.

Assisted Immigration.

OFFICE OF IMMIGRATION BOARD,
Victoria, British Columbia,
12th August, 1870.

NOTICE is hereby given that a scheme of Assisted Immigration, on an extended scale, being completed by the Government, applications will be received by the Secretary of the Board, from persons BONA FIDE settled in the Colony who may be desirous of participating in the scheme, upon the following terms and conditions:—

1. The applicant will be required to give security, or actually deposit the sum of Seventy-five Dollars ($75) towards the Passage Money of each Adult, and the sum of ($37) towards the Passage Money of each Child, not exceeding Twelve Years of age, and not being a Child in arms, and a further sum of Twenty-five Dollars ($25) towards the Outfit of each Adult, or one-half that amount for each Child not exceeding Twelve Years of age, not being a child in arms.

2. Government will contribute the sum of Fifty Dollars ($50) towards the Passage Money of each Adult, and the sum of Two towards the Passage Money of each Child under Twelve Years of age, excepting only children in arms.

3. Applicants desirous of getting out whole Families, will deposit or find security for a sum proportionate to the above amounts for each Adult or Child in such Family.

4. The Outfit of each person will be subject to the approval, as to quantity and quality, of Her Majesty's Commissioners of Emigration or other the Agent or Agents appointed by the Governor of British Columbia.

5. Where the abovementioned Outfit is not required, the amount deposited on account of the same will be returned to the applicant so making the deposit.

6. The intending Emigrant will be required to report himself or herself at some Port of Embarkation in England to be hereafter notified.

7. Settlers desirous of obtaining Farm or Domestic Servants under this scheme, will be required to produce written characters of such Servants, which characters will be subject to the approval of Her Majesty's Commissioners of Emigration, or other the Agent or Agents appointed by the Governor in this behalf.

8. Such Farm or Domestic Servants will be required to sign an agreement, binding them to serve their Employers in the Colony for a term of years, at a stated yearly Salary.

9. Upon the arrival of the Emigrants in this Colony the Employer or Friends of the Emigrants will be require to take charge of them immediately, and notice beforehand will be given of the time the vessel is due.

10. Any Emigrant not so immediately taken away will be lodged and boarded at the expense of his or her Employer or Friend.

11. Applicants will be required to fill up Forms, copies of which may be obtained from the Magistrate of the District, or from the Secretary of the Board in Victoria from whom respectively any further information may obtained. By Order of the Board,

MR. CHING FUN—A CARD—EDITOR BRITISH COLONIST:—Through the medium of your paper I want to state the very great good that has been done me by Dr Ching Fun of this city, next door to Kwong, Lee & Co For 24 years I suffered with neuralgia on the brain, which baffled the skill of three first-class American physicians Latterly bronchitis attacked my right lung, and my eyes became awfully inflamed. Despairing of ever being cured I placed myself as a last resort in the hands of Dr Ching Fun, and after five months' treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises too loudly, so that all my countrymen similarly affected may visit him and find relief Respectfully,

JOHN HENTON, of Kentucky, U S

KEATING'S COUGH LOZENGES RElieves the difficulty in breathing in ASTHMA

THE BRITISH COLONIST.

Sunday Morning, Oct 2, 1870.

The Interior Mail Service.

The present contract for the principal mail service of the interior will expire on the 1st of March next. The period allotted to the reception of tenders for the continuation of that service for one, two, or three years from the 1st of March aforesaid expired yesterday. Inasmuch as the Executive usually takes some time to consider such tenders, a few remarks bearing upon the general subject may not be altogether out of place. It may be mentioned, in the first place, that the terms proposed for the new service are similar to those of the present in so far as frequency and time are concerned, that is to say, from the 1st of January to the 31st of March and from the 1st of November to the 31st December the service is to be fortnightly; and from the 1st of April to the 31st of October the service is to be weekly. In the second place, tenders are to state by what means it is proposed to carry the mails, whether by a four horse express coach, by light pair horse waggon, or by any means of conveyance suitable to contractor, due regard being had to the security of the mail matter. It is to these two principal elements in the proposed contract, time and conveyance, that we desire to direct a little attention. Weekly mails may possibly not be altogether inadequate to the wants of Cariboo during the months indicated above; and yet, inasmuch as the express usually makes semi-weekly trips, and the steamers connecting the seaboard with the interior make semi-weekly trips, and the steamers connecting the Colony with the outside world will make semi-weekly trips also, we cannot help thinking that, for a very trifling additional expenditure, the large and important community in Cariboo, as well as all the intermediate communities, might have a semi-weekly mail service. But, whatever difference of opinion may exist as to the necessity for a more frequent service during the summer months, we think all must be agreed in this, that the fortnightly service during the winter months is altogether inadequate to the necessities of the interior. In former years Cariboo was regarded as passing the winter months very much as Bruin does, and, therefore, the principle of less frequent mail communication during that period of the year came to be recognised and acted upon by the Government. In more recent years, however, the periodic recurrence of that sort of somnambulic condition has ceased; and the winter months in Cariboo are now scarcely less active and productive than the summer months: and any little inequality still remaining must now disapper before such quartz-crushing and meadow-developing enterprises as are being introduced by Messrs Lane & Kurtz. To the cursory observer a fortnightly service may appear something better than it really is. To the great bulk of the people—indeed, we may say, to all—its practical meaning is monthly mail communication; for there is no opportunity of receiving, reading and answering letters, all within the round trip. Just think of the hardy and productive miners in Cariboo, the traders and the mechanics, the professional men and the missionaries who have, as it were, ostracised themselves, enjoying only monthly mail communication during five months in the year, while we in the lower country have semi-weekly communication! There need be no hesitation in affirming that such a service is as unjust to the people of Cariboo as it is inadequate to their necessities. That it is extremely unsatisfactory we do know, for it has constituted a grievance these several years. Let us now pass on to the second part of our subject—the mode of conveyance. Shall the Cariboo mails be carried on a four-horse express coach, a two-horse waggon, or on the back of a cayoosh, or, for the matter of that, a Siwash?—for such is the question practically suggested by the terms in which tenders are invited. To some persons a mail service may appear to be a mail service all the same, whether performed by a coach-and-four, with all its attractive conveniences and dashing accompaniments, or by a bare-footed, smutty-faced native of the forest, and that the Government would not be justified in paying a larger subsidy for the one than for the other. Yet this doctrine is scarcely in harmony with the recognized principles governing such matters in civilized countries. Let us bring the matter home to ourselves. The Canadian Government undertakes to assume the mail service of this colony when it becomes a province of the Dominion. Suppose that, in doing so, that Government were to place a dozen of Chinook canoes, with their blanket sails and their swarthy crews redolent of salmon, upon the routes between Victoria and San Francisco, and between Victoria and Port Townsend, for the purpose of carrying our mails, what would be thought of it? It may be said that the thing is impossible, that such a service could not be performed by Indian canoes. Never mind that. The principle remains the same. But we know that, if such a thing were ever so practicable and cheap, the Government would not entertain it for an instant. In Canada, as in all civilized countries, the mode of conveyance is always made a fundamental condition in granting mail subsidies, whether the service be by sea or by land. Indeed, one need not go beyond the terms of Confederation offered to this colony, in order to find a practical recognition of the principle under consideration. In agreeing to the fortnightly mail service between here and San Francisco, and the semi-weekly mail service between here and Puget Sound, it is expressly provided that the vessels employed in the service are to be adapted for the conveyance of freight and passengers. And it must be present to the mind of every reflecting person that, as a rule, mail subsidies in new countries are frequently given quite as much is consideration of the accommodation afforded for passengers and for commerce, as for the mere transmission of mail matter. That this universally recognized principle will apply as much to the mail service between the seaboard and Cariboo as anywhere else, all candid persons must feel and admit. Indeed, it is well known that it formed an element in past contracts; and let us see with what results: A journey to Cariboo, which formerly occupied a couple of weeks, and cost a couple of hundred dollars is now performed with comfort in five days, at an expense of sixty dollars! Now, we should learn with extreme regret that there is any intention on the part of the Executive to subsidize any less efficient means of conveyance between Yale and Barkerville than exists at the present time. Such would be a retrograde step—a public calamity. Least of all should such a policy be entertained at the very moment when the Dominion Government is about to relieve the colony of the expense of the mail system. On the contrary, the service required under any new contract ought to be more ample and efficient than the present one. Our own impression is that, in view of the imminence of Confederation, the wisest policy would have been to extend the present service over the four months which must carry us into the Dominion, leaving it to the Federal Government to inaugurate one more liberal and better adapted to the wants of the interior. If, however, there is to be a new contract which may project its conditions far into the new state of existence it should be one which will provide for more frequent communication—semi-weekly in summer and weekly in winter—with Cariboo, and which will require the employmen tof at least as good a mode of conveyance as exists at present. The service is now inadequate to the just wants of the colony. To render it less efficient in any respect at the very moment when it is about to be assumed by the Dominion Government would be an act of folly for the perpetration of which we cannot believe the Executive sufficiently insane.

REPLY.

LILLOOET, Sept. 22, 1870,

GENTLEMEN—I have the honor to acknowledge the receipt of your Requisition, so numerously signed during the short time it was being circulated.

This flattering testimonial of your esteem should not be overlooked; therefore I gratefully accept the honor o being your candidate for the Representation of the Lillooet-Clinton District in the Legislative Council.

Having vested interests in the District, if I advance yours I must my own. This fact, I trust, will be sufficient pledge that I shall earnestly and faithfully attend to any and all measures affecting the country generally or our own District.

I have the honor to be, Gentlemen,
Your obedient servant,
EDWIN TYNON.

ROBINSON'S
Celebrated Magic Soap

DIRECTIONS.
For doing a Large Family washing in Two Hours, of Five or Six Dozen Pieces.

1. Cut up fine a bar of the Soap, and put one-half of it into your boiler with sufficient water to cover your white clothes to be washed, and let the soap dissolve; then put your clothes in, stirring them, and let them just come to a boil, then pour out clothes and water into a tub and let them soak twenty or thirty minutes, stirring them around in the tub occasionally to loosen the dirt. Such articles as collars, wristbands or any other article very dirty, should be rubbed through the hands a little while soaking in order to loosen the dirt before boiling.

2. While your clothes are soaking put the half of your cut soap into your boiler, with sufficient clean water to boil, and let it be heating. After your clothes have soaked wring them out well and put into your boiling water, and let it if from 5 to 10 minutes; then rinse, blue and hang out to dry. If the above directions are followed, we will guarantee your clothes clean and white.

3. For your colored and woollen clothes use the same water you soaked and boiled your white clothes with, only heating it up again, and pour it over your colored and woollen clothes, and let soak the same as your white clothes, also rubbing them through your hands while soaking if very dirty. Then rinse in clean water warm as your hands will bear, and you will thus accomplish a large washing in two hours.

By cutting up a bar of this soap into two gallons water, and let boil until thoroughly dissolved, and then leave to cool, you will have two gallons of beautiful SOFT SOAP as good as Common Soap for general house purposes.

REPLY.

TO ELECTORS OF NANAIMO-COMOX DISTRICT,

GENTLEMEN:—In response to the Requisition you have been kind enough to present to me, I cheerfully consent to be put in nomination for the representation of your District in the Legislative Council; and, in doing so, it will hardly be necessary to assure you that, if elected, my best efforts shall be earnestly directed towards promoting the interests of your District in particular, and those of the Colony in general.

In accepting your nomination and soliciting the suffrages of the District, it may be expected that I shall, in accordance with long established custom, indicate the outlines of my political creed; and yet the prominence with which my political views have been before the public would almost seem to render any exposition of them unnecessary at the present time. It may, however, be proper that I should touch upon a few cardinal principles

The subject of Confederation completely overshadows every other political question at the present time; and I will tell you frankly that I am in favor of accepting that change upon the basis now officially before the public believing that in it and through it the country will obtain very great financial and political advantages.

There are two open questions of considerable importance which will be submitted to the people, through their representatives, viz, a choice of local constitution and a choice of Customs Tariff. I hold the people of British Columbia to be fit for, and entitled to, self-government, and I believe it will be their duty and interest to contend for full political rights as an immediate result of union. The acceptance of the Canadian Tariff, with its ample protection to stock-raisers and its long and ever extending free list, I believe to be in the true interest of every community; it would relieve the people of a load of taxation for Federal purposes and would tend to stimulate industry.

A Reciprocity Treaty with the United States, under which our coal and other products might find an open and ready market, I conceive to be amongst the most urgent needs of the colony; and any feasible movement tending thereto shall ever have my earnest and hearty support.

The education of the young must ever be regarded as one of the first duties of a civilized government, and I cannot hesitate to say that the existing educational system is as ill-adapted as the provisions thereunder are inadequate to the circumstances and necessities of the country:

Upon the subject of Retrenchment in the governmental expense, it will only be necessary to say that the most effective remedy will be found in Confederation with Responsible Government.

It need only be added that, in seeking to carry out my views upon these and other questions, I shall, if elected, ever regard it as a first duty to see that your District—among the most important and productive in the united colony—shall have its full share of legislative attention and expenditure of which it has been so notoriously and unjustly deprived in the past.

Intending, as I do, to take an early opportunity of visiting every part of the District and meeting the electors personally, and expounding more fully my political views, I trust these few hasty and general remarks may suffice for the present.

I have the honor to be, Gentlemen,
Your obedient servant,
se29 d&w JOHN ROBSON.

"Treasure Trove" — Extraordinary Auction Sale.

Yesterday morning visitors at the rooms of Mr Lumley Franklin witnessed an extraordinary, exciting and amusing scene. A line of groceries having been disposed of at good prices, the auctioneer announced that he would next offer a number of unclaimed packages that had lain for a long time in the storehouse of Wells, Fargo & Co of this city, and which would now be sold to pay freight and charges. The interest among the crowd—which was very large—here became great, and the packages—which comprised trunks, boxes, cases, bags and valises—were scanned with eager interest. Mr Franklin proceeded at some length to descant in a humorous manner upon the nature of the goods and the extraordinary character of the sale. He knew, he said, that he was about to offer them the figurative 'pig in the bag,' but, then, he regretted to say, good pigs were often 'bagged;' and why should not many or all of the mysterious packages before them—the contents of which none knew—prove upon examination to contain articles of value? He then proceeded to offer the first lot, a trunk.

A bystander—Do you warrant it full?

Auctioneer—Yes, of air, if nothing else.

The trunk was sold for $7. A small package in cloth was next offered. Fifty cents was bid, increased to $4 and it was knocked down to a gentleman from Saanich who found in it a set of old account books worth $6. Another small package, sold for $2 50, contained 50 medical almanacs of 1859. Next came a little box, tied around with string and sealed. Ha! here's a chance! A gold watch, or set of jewelry, at least. Two dollars was bid; $3, $4 and so on to $8, at which figure a well known photographer bore off the prize and nervously retired to a corner to examine it. An anxious crowd gathered around him as he cut the string, removed the seal and discovered—not a watch—but about 100 enormous pills, and a dozen white powders. Another package, similar in appearance to the last, was bid for warily and fell into the hands of Mr Plummer, who opened it at once and found it full of pills of which he was required to take one three times a day.

Mr Farron was awarded a case for $18, in which he found six sets [24 boxing-gloves] worth $5 per set. He will please accept our thanks for a set.

From several of the packages wearing-apparel of some value was obtained; but the interest centered in a very large, heavy case addressed 'Henry Smith, Port Gamble.' For this case there was a brisk competition, and it was finally knocked down to Mr Anderson, of Johnson street, for $37. Mr Anderson had it conveyed to his store, where he opened it and found within it a mahogany bureau, the drawers of which were stuffed as full as they could be with wearing apparel of every description for both sexes, blankets, feather bed and pillows, counterpanes, shawls, love-letters, books, mantel-ornaments, children's toys, keepsakes, a gold and silver watch and a variety of other articles, too numerous to mention. The space between the bureau and the case was also filled with wearing apparel—and, taken all in all, Mr Anderson made a lucky bid.

The other packages were of more or less value and similar in character to those sketched above.

The sale was conducted with much ability and wit by the auctioneer and the roars of laughter that sometimes broke out as the 'pigs' were liberated from the 'bags' evinced great good humor on the part of the visitors.

NOTE.—Last evening Mr Anderson, while overhauling his case, discovered six fine diamonds set in a cross of gold and worth from $150 to $200!!

THE MONTGOMERY CASTLE.—This ship, consigned to Messrs Janion, Rhodes & Co, arrived yesterday morning in Royal Roads, 141 days from Liverpool. Capt Hughes has kindly furnished us with the following memoranda: Left Liverpool on the 10th of May. Experienced long calms in St Georges' Channel. Crossed Atlantic Equator in 33 days, in long. 28°. Off Cape Horn on the 66th day experienced very heavy weather. Crossed Pacific Equator in long. 119°, 110 days out. Fresh N E trades in Pacific. Two weeks ago had strong winds. In the Straits had light winds and calms. The ship shipped no water on the voyage and the cargo is expected to turn out in fine order. The Montgomery Castle is a splendid specimen of marine architecture, fitted with all the modern appliances and presents a neat appearance. The ship ran into Esquimalt harbor, yesterday. Hatches will be surveyed on Monday and the work of discharging Victoria freight will commence on Tuesday.

MAINLAND ITEMS.—The Governor and Mrs Musgrave and party have returned to Sapperton from Yale and Boston Bar. They spent a very pleasant time on the trip and were everywhere well received.....The house and farm buildings of Charles Kearsley, farmer, 16 miles below the Mouth of Quesnelle, was burned to the ground on the 18th ult, the loss will be upwards of $500. .....The forest fires have been very severe in the Lake La Hache district, and a great deal of hay has been destroyed; one hundred tons in one instance, near Bridge Creek.....Mr Spence has nearly completed the repairs for the season to the road through through the green timber, and has made an excellent job of it. The road is very much improved.....The telegraph construction party have only reached a point 67 miles above Yale and are progressing very slowly.....The new rifle corps has been fully organized at New Westminster and accoutrements are ordered.

THE steamer Enterprise arrived from New Westminster yesterday, at 3:40 p m, with a Cariboo mail and express and the following passengers: Hon F J Barnard, Mr Pope and wife, Mrs Jolley, Mrs Carrington, Capt Raymur, Mr Pearson, Mr Oppenheimer, Fritz from Lillooet and three or four miners from Peace River.

Good News from Omineca.

Fred Black, under date 15th ult, writes from Germansen Creek as follows:—'There has been considerable change here, Vital Creek has proved a failure, but Germansen Creek, just discovered by J J May, D McMartin and others, I think is rich. It prospects well, say, from $10 to $40 per day to the hand. There are about 110 claims located, and all have good prospects. Our company was the first at work taking out gold. We took out last week $620, as the result of one man's work for 20 days. Two or three other companies have just started work, and are doing well. The creek lies about 70 miles east of Vital Creek, about 90 miles southwest of Pete Toy's, on Findly Branch. It heads south-east, towards Nation River, is about 30 miles long, and good prospects are obtained for a distance of five or six miles. I think it is but a short distance from the head of the creek to Nation River. The boys up here are all in good spirits, and think that they will yet have time to take out a considerable stake. Every company has put in a wing-dam, or is at work putting one in. The creek is nearly as large as Cottonwood, at the bridge, and the bed-rock generally runs shallow. Should the creek turn out as well as is generally expected there will be a considerable rush in the spring. Pool is selling beef at 50 cents a pound.'

Respecting these new diggings the *Sentinel* says:—

'There are about 105 miners, including Chinamen, in Omineca. From $10 to 2 oz per day to the hand has been made so far on the new creek. The Campbell co, of which Sylvester was a member, was the first to commence working with sluice-boxes, and they washed up 34½ oz for three days. The creek has been prospected for two miles, and pays, as stated, about $10 to 2 oz to the hand, and prospects, though of a smaller amount, have been obtained at intervals along a distance of many miles more.'

A correspondent of the *Sentinel*, writing from Germansen Creek, says:—

'Washing commenced on a few of the claims last week. Sylvester & co are making about $16 per day to the hand. The Manitoba co about the same. J Giscome & co, three interests, panned out $56 for a day's work, and will commence sluicing to-morrow. Jacklin & co are making about $10 per day to the hand. P Kelly & co from $10 to $12. A Chinese company of 15 are making about $7 to $8 per day to the hand with rockers. Fenton & Co are getting about $16 per day to the hand rocking. Several companies besides these are doing well with rockers, and in the course of another week all the companies will be washing. This is the busiest and liveliest little mining camp I have seen for years. Every one seems to be in good spirits. But this cheerful feeling will be of short duration. Grub is scarce. It is all in the hands of one merchant. Miners, much against their will, will be compelled to winter below unless provisions be sent here before the season closes. Flour is $1 per lb; beans $1 per lb; sugar $1 25; tea $3; bacon $1 75; and all other requisite articles, which are scarce, sell at proportionate—perhaps I should say extortionate—rates.'

Cariboo News.

We condense the following from the Cariboo *Sentinel* of the 24th Sept: Mining operations are limited on account of drouth. On William creek a few hydraulic claims are working. The Downie cleaned up 21 oz last week. On the lower part of the creek several companies were getting good pay. The Forest Rose 40 oz, and the St George 40 oz. On Stout gulch the Mucho Oro 22 oz, the Taffvale 88 oz. Valley Mountain, good yields. On Lowhee several claims are doing well. Mosquito, a number of claims paying wages. On Whipsaw several claims are paying. French creek, a good deal of work is going on. On Canadian heavy works are being carried on and good results anticipated. In Beggs' gulch good pay has been struck. Cunningham creek gives good promise. On Antler creek several claims were paying. On most of the other creeks wages were being obtained by several companies. The Caledonia co washed up 36 oz last week and 47 oz on Thursday. The Ballarat washed up 74 oz last week and 54 oz on Thursday.

MISCELLANEOUS INTELLIGENCE.

The work of widening and otherwise improving and rendering safe the road through the canyon where the recent fatal accident to Mrs Allan occurred, was in progress. There was complaint about the delay in re-establishing telegraphic communication. The new Anglican church at Barkerville was opened on Sunday the 18th. A Sunday school has been opened in the Wesleyan church and quite a number of children are in attendance. A subscription list has been opened for the relief of the orphans and widows of French soldiers.

FROM THE EAST COAST.—The steamer Sir James Douglas arrived from Comox and Nanaimo last evening at 4:45 with a few passengers, among whom was Dr Featherstone. The only vessel taking in coal is the *Atalanta*. She will complete her loading on *Monday*. The Indian, Quinnam, who is in jail on the charge of murdering Hamilton, to revenge himself upon the Indian who 'peached,' has charged back upon him the burning of the bridge. The people are exasperated at the murder of Hamilton; and were it not for the certainty of justice being dealt impartially Quinnam would be lynched.....The Dawson Whaling Company are having great success. Since the last report they have taken several whales. They captured two in one day, one of them being double the length of their schooner.

'LILLOOET, Lillooet! Where's Lillooet?' Such was the question once propounded by the gifting member for the Lillooet District. But Lillooet would appear to be in no danger of being again represented by a gentleman unacquainted with its whereabouts. There are now no fewer than four resident candidates in the field. Last, not least, comes Mr Tynon, a prominent merchant, whose address will be found elsewhere. It will be observed that the requisition bears the signatures of the most influential men in the District. Mr Tynon is a young gentleman of good parts, and we have no doubt that, if elected, he will make a most useful member. We understand his return is pretty certain.

ANOTHER EXPLORING PARTY.—Mr Matthew Reynolds and four other experienced hands will leave here in a few days for Howe Sound, where they will spend some weeks prospecting for copper and other minerals. They will engage a boat to convey them to their destination and remain with them until they are prepared to return.

ROYAL ASSENT.—It is notified in the Government *Gazette* that the Queen's assent has been given to an Ordinance passed last session, entitled 'An Ordinance to alter and amend the County Court Ordinance, 1869.'

FIREMEN'S ELECTION.—The election for Chief and Assistant Engineers will take place to-morrow. Mr Simeon Duck is the only candidate for Chief and Mr Frank Richards for Assistant. Under the English system of holding an election, a poll would be unnecessary where there was no competing candidates; but the Firemen's Protection Act provides for a ballot, hence the polls will be opened at the Union Hook and Ladder Company's House at 10 o'clock tomorrow morning and close at 4 p.m. 'May the best men win,' which they are sure to do in this case.

OUR QUARTZ.—By the last steamer Mr J N Widber carried to San Francisco a quantity of quartz from a reef lying between Goldstream and Leech river. Yesterday his partner in this city, Mr William Reed, received a telegram stating that the quartz is pronounced the best quality, but that objection is made that the distance is too great.

THE steamer California sailed yesterday morning for Portland carrying a few passengers and a small freight.

TREASURE to the amount of $37,000 was brought down by Barnard's Express yesterday from Cariboo, for the banks of this city.

ANOTHER.—Mr Moody, sr, has commenced the erection of another two story frame on Pandora near Amelia street.

THE *Guardian*—as it has a right to be—is jubilant over the success of the Mainland productions at the late Show.

CARIBOO gets its fresh meat for from 10 to 15 cents per pound.

PLEBISCITE.—To-day the Romans vote 'Pope' or 'No Pope.'

British and Foreign Bible Society.

EDITOR BRITISH COLONIST:—Will you kindly allow me space to say that I have been authorized by the Committee of the British and Foreign Bible Society to act as their agent for this colony, and that, as such, I beg to request all parties who have charge of any of the Society's books to communicate with me that arrangements may be made for the sale and renewal of stock and the transmission of the amount of sales. The Victoria and New Westminster auxiliaries, now defunct, are still indebted to the Parent Society to the amount of £31 11s 6d, but there is a large stock of books on hand in different places, and as I am authorized to sell or profitably distribute them, I shall feel very glad to hear from all who may be willing to assist in the good work. Yours truly,

R. JAMIESON.

New Westminster, Sept 30, 1870.

Correction from Nanaimo.

EDITOR BRITISH COLONIST:—I notice several omissions and typographical errors in my letter to you on the subject of Mr Bunster's meeting, which confuse and make unintelligible the clauses in which they occur.

I stated that Mr Bunster, on going to the Custom House, spoke to '*Mr Hamley*,' when that gentleman asked him,' &c; and I stated that when the Chairman rose he observed 'that *Mr Bunster* was about done,' &c. By leaving out the names I have italicised the reading of the letter is greatly changed and the substance of what the Chairman said is made to refer to himself instead of Mr Bunster.

Please publish this correction from

A WORKINGMAN.

Correction.

EDITOR BRITISH COLONIST:—Your devil has made a serious mistake or played the devil with the article sent by me.

In the first place the word 'not' is omitted in the quotation, first line; and in the remarks made by me the word 'inverted,' as I wrote it, has been transposed to the word 'invested.'

Yours, &c, R LEWIS.

By Electric Telegraph.

SPECIAL TO THE DAILY BRITISH COLONIST.

LAST NIGHT'S DISPATCHES.

Europe.

LONDON, Sept 30—It is said the French repulsed the Prussians at Nantis.

TOURS, Sept 30—It is reported here that Gen Beauregard is in the French service and at present organizing troops in the South of France.

LONDON, Sept 30—A special to the *Herald* says it has been determined by the Cabinet to make a strong last appeal to Prussia to consent to peace in consideration of the destruction of the fortresses of Alsace and Lorraine, and without the dismemberment of France. It is rumored that the position of England is taken in apprehension of the warlike armament of Russia, which occasioned a declension in the power of France, already too much broken. There are great signs of a reactionary tendency in Prussia among the German Liberals. They say that should King William proclaim himself Emperor of Germany there will be a Republic in Fatherland before five years. This is the universal conviction throughout Germany.

Private dispatches from Tours of the 27th say the discouragement in official circles is great and the same feeling prevails among the people.

It would seem that the Generals commanding in the Department have declined to defend Orleans. Cremieux is packing up and advises his Generals to do the same. He says there are no means for resisting an attack in Tours, where the Prussians are expected in a few days, and the Government must move further west.

ORTEND, Sept 30—Intense excitement was caused here this evening by the arrival of a special messenger from Valenciennes bringing news of a great battle fought on the Seine on the 27th, which resulted in the complete defeat of the Crown Prince of Prussia and that, too, under the guns of Mont Valerien. The victory was followed by the evacuation of Versailles and Rambouilles and the rupture of the German lines of investment.

The Crown Prince is retreating rapidly northward upon the army of the King at Meaux and Soissons.

An official telegram from Berlin via Brussels, contradicts this news, but it is certain that communication between Paris, Rouen, Amiens and Valenciennes is reopened, and an official proclamation of the victory of Tuesday, signed by Gambetta, has been received at the latter city.

LONDON, Sept 30—A correspondent at Bolongne telegraphs that exciting news has been received from Rouen of the Crown Prince's defeat on the south and west side of Paris by the army of Gens Ducrot and Menden on the 27th. The French were reinforced on Monday by Gen Trochu and advanced on the German position at Montreuel and Versailles early on Tuesday morning. The battle began at Vicerly and Vete Sey. The Germans resisted the French advance with desperate energy till they were assailed by fresh columns advancing through Bazde, Fausses Reposes and Vanvesson, where a number of regiments of the Baden troops mutinied on the battle field and refused to go under fire. Nearly 100 of these troops were shot by order of the German commander, but the rest still hold back, many throwing down their arms and dispersing through the forests. The Crown Prince was finally compelled to order a retreat upon Bougival, abandoning Versailles to the victorious French. The German columns which attempted the passage of the Seine at Bougival were kept under a terrible fire from Mitrailleuse which converted the retreat into a rout and they were driven beyond St Germain, night alone stopping the pursuit. The Germans lost 5000 prisoners among whom were many officers of the staff of the Crown Prince; fifty cannon and mitrailleuse.

The road to Orleans and Tours is reopened and cleared of the enemy.

LONDON, Sept 30—There is no abatement of the military preparations of Russia.

A telegram just received from Tours says there is considerable insubordination in the French army and the officers are apparently unable to prevent disorder and violence among the raw levies. Three examples have been made.

The Prussians have not yet reached Orleans, but have departed from their westward march and seem to be concentrating around Paris. The reported movement on Lyons is untrue.

The French say the Prussian losses since the war began and particularly at the investment of Paris have been so immense that the German authorities have taken care to conceal the facts from the papers.

The latest advices from Paris announce the construction of barricades under the supervision of Henri Rochefort and Gustav Flourens. The Mobiles have been armed with a new and fearfully destructive engine, an invention just perfected and which has been kept a profound secret. Astonishing results are expected from this weapon, more so than from the mitrailleuse.

TOURS, Sept 30—Later advices from Paris mention a series of successful engagements around the city. The ardor of the besieged has been much increased by these victories. New breech loading cannon have been placed on the ramparts.

There are no signs of the Prussians in the direction of Tours.

LYONS via TOURS, Sept 30—The political excitement has subsided.

ROUEN, via TOURS, Sept 30—Another balloon from Paris landed near Nantes to-day. A courier with a large number of letters and packages has gone forward to Tours.

BRUSSELS, Sept 30—The *Independence Belge* says the new French government has imposed a special tax of 4 centimes per number on all newspapers, domestic and foreign.

VIENNA, Sept 29—A naturalization treaty with the U S has been signed by the Austrian government.

LONDON, Sept 30—The Prussians occupied Rambouillet, seventeen miles southwest of Versailles.

Confidence is returning in Paris.

It is vaguely asserted that some postions occupied by the Prussians have been recovered. Possibly the recapture of Ville Juif is referred to.

The Prussians are steadily drawing nearer. They are engaged throwing up breastworks at Bayneux and Mendon. The works erected will face Forts Vanores and Issy on the south of Paris. The Prussians have also occupied Bordon, 18 miles southwest of Versailes and it is reported they have likewise reached Therunal and Grioville, in the Department of Seine and Loire.

TOURS, Oct 1—Advices from Paris say the Prussian officers demanded the surrender of Fort Divis, or Divry, on the southeast of the city. The commandant promptly refused. The Prussians occupy the heights at a respectful distance from the French forts. When they see a convoy or reconnoisance they open fire with shot and shell. They have constructed an extensive camp at Versailles and appear to have gone into winter quarters there.

ST PETERSBURG, Sept 30—The 'Journal' of this city, an official organ, emphatically denies the report of the Russian purchase of new ironclad steamers from the U S, and formally denies the story of the concentration of Russian troops on the Turkish frontier and recall of Gen Ignatieoff, Russian Ambassador at Constantinople. The Journal adds that Russia's policy is one of peace and justice.

OBENBOURG, Sept 29—The greater part of the French fleet returned to this port to-day. Squadrons have been left in the North Sea and English Channel, sufficient to protect the French coast.

NEW YORK, Oct 1—A dispatch from London to-day says a war bulletin signed by Gambetta, is published extensively this morning. It announces that the Prussians have been routed, Vincennes and Versailles re-taken, with 6000 prisoners, including Staff officers, and much artillery, and that communication between Paris and Rouen is restored. The dispatch is generally discredited.

The French report that on Wednesday a bridge spanning the Oise at Crit, gave way under the weight of the Prussian cannon, which were being moved across it, whereby several pieces were precipitated into the river and some lives lost.

Fourchnade has not resigned his place in the French Provisional Government.

The election for members of the Constituent Assembly in France will occur on the 10th inst.

LONDON, Oct 1—Late dispatches say the reports of fighting before Paris on Wednesday and Thursday are false.

ROME, Oct 1—The Plebiscite, to be voted on Sunday, (to morrow,) will be thus stated:—'Is the union of the Kingdom of Italy under the constitutional rule of Victor Emanuel and his successors desirable.' The King awaits the result at Florence.

NEW YORK, Oct 1—A special from London says General Bourbake has escaped from Metz; he arrived in England yesterday and immediately took train to Hastings on a visit to the Empress. It is believed the General's bearer of dispatches from Bazaine.

TOURS, Oct 1—Lissander the aronaut has already arrived here from Paris. He publishes in his journal an interesting narrative of his balloon trip and situation of affairs in Paris at the time he left. He started from that city at 2 o'clock yesterday afternoon. No Prussians were to be seen near Paris. Complete silence reigned about the city. There were no people to be seen on the roads leading to the city and no boats of any kind on the river. On nearing Versailles the Prussians were observed in great numbers in Camp Lissinder, He dropped among them a great number of Proclamations of Government officers which had been printed in the German language for that special purpose. The balloon was carried along to a point near Dreux, in the department of Ure et Loire, many miles west of the Prussian lines. The letters, 250 in number, were taken to the postoffice of Dreux, whence they will be forwarded in all directions, wherever the lines of communication are not interrupted. Lissander says Paris is defended by more than 500,000 soldiers, who are behind walls They are all armed and disciplined The firing from the forts has been so accurate that the Prussians have been baffled in their attempts to erect batteries. The forts are supplied with electric lights which are found to be admirably adapted for guarding against surprise. Neither butter nor fruit is to be had in the city, and fresh meat will be scarce. There is no lack of salt provisions and flour. There are supplies sufficient for six months.

LONDON, Oct 1—The Prussians are approaching Maintenon, in the Department of Eureelour. Communication with that city, Chartres and Eheron was suddenly destroyed It is thought the Prussians are preparing for a grand attack on Paris from the North, at Genervilliers.

Toulon is filled with Germans, most of them participated in the late unsuccessful attempt to capture the city of Chartres.

California.

SAN FRANCISCO, Sept 30—A south-easter has caused all the vessels which cleared within the past two days to put back to port. Among them are the U S steamer Shubrick, steamers Monterey and Salais and ship Cairnsmore for Liverpool.

The schr Stranger, Capt Decker, with 2000 sacks of wheat, went ashore this morning at Pajaro river.

Wind fresh, threatening rain.

Neither the steamer Constantine from Panama nor the California from Portland has arrived or been telegraphed from the heads.

SAN FRANCISCO, Oct 1—Flour unchanged.

Wheat—2000 sacks fair, $1 67, good, $1 75; choice, $1 80

Barley, $1 05@1 07½.

Oats, $1 40@1 45.

Hay, $12 00@13 50 per ton.

FELL'S COFFEE, superior to any other brand manufactured on the Coast, may be obtained of all respectable dealers throughout the Colony. *

DELAYED DISPATCHES.

Europe.

LONDON, Sept 10—As the fragments of the Captain thus far found do not belong to the vital parts of the ship, it is thought her hull may have drifted seaward. From accounts given of the storm it seems that the gale increasing on Wednesday morning, a signal was given for the squadron to wear ship. The Captain's responsive signal was not seen. The rest of the fleet ran before the wind until out of sight of the Captain, when, at seven o'clock a heavy squall came up which perhaps proved fatal to the iron-clad, laying her on her beam ends, or driving her bow under. The bodies found were those of the men whose duty it was to wear ship. It is impossible that the vessel was driven to sea, and the bodies of the men found were washed from her deck. The names of the officer and seventeen men who are said to be saved are unknown.

LONDON, Sept 12—The project of laying another telegraph cable to America is announced.

A correspondent writes that the Emperor at Wilhelmshohe enjoy entire freedom of action, and walks or rides as he pleases. His chief companions are the Prince of Moskowa and Prince Murat. He disregards the staring of curious people whom he encounters outside the gates. It is said he looks thirty years older than in 1864, when the writer saw him. He is now bloated and billious looking. His eyes are faint, tired and expressionless, and his movement slow, awkward and mechanical. His face is absolutely devoid of expression. Another correspondent describes his appearance: 'In one word he retires late and rises early; his chamber windows are all lighted long after midnight, and at half past four in the morning the Emperor is seen walking in the garden. He dresses plainly in black, and amuses himself a great deal by talking to school children who gather to see him.'

The Catholic Bishop of Liverpool forbids wakes, under the penalty of forfeiture of the rites of the church.

It is reported that 500 000 francs have been offered for a messenger who will succeed in communicating with the commander of Metz. One man who undertook the service has been shot by the Prussians.

The removal of General Steinmetz was caused partly by his needless sacrifice of troops, and partly by his fighting at Spicheren and Forbach against General Moltke's orders, and so making the battles of the 14th and 16th necessary.

China and Japan.

CHINA.

The Shanghai *News-Letter*, of August 12th, says:

Things are in that pleasant state, where every steamer coming may convey orders to reduce the native city to ashes. There is a large fleet here. The British and French Admirals, and the senior officers of the United States Asiatic Squadron are present. The French gunboats have moved up the river opposite the Chinese city and are waiting the orders of Napoleon. The flagships of the British and French are either outside the bar at Taku, or at Chefoo

Since the Tientsin tragedy, proclamations have appeared at Nankin, Suchow, Shanghai, Ningpo, and many other places, assuring the people that the officers are satisfied, after careful investigation, that the Christians have in no wise been guilty of the crimes which rumor has alledged against them; and that the kidnappers are none other than wicked Chinese, who have carried on from time to time their nefarious practices from very remote ages down to the present.

From Tientsin we have the news that the bodies of the victims of the massacre of the 21st of June were buried with all ceremony on the 3rd of August, in the presence of a large number of native and foreign officials. Tseagkwo-fan only refused to attend pleading sickness.

Since the 25th instant, sixteen 'brave' chiefs have been arrested at the requisiton of Count Rochechfart, but it is said that some of them have been again released.

Accounts from the Yellow River region are very distressing. The dykes have given way in numerous places, and despite the efforts of mandarins and people, the country is overwhelmed by another flood, which alternating with a long drouth, has reduced the people to a most helpless and starving condition.

JAPAN.

The Yokohama *Herald* of August 22nd, says:

Since our last issue a terrible calamity has happened—the explosion of the boiler by which the engines of the American steamer City of Yedo were driven, just as she was about to leave the quay at Yeddo for Yokohama. The Rev Mr Cornes of the American mission, his wife, eldest child, and its nursemaid were instantly killed, together with the engineer of the boat and nine Japanese passengers. Sixty-two wounded natives died at the Machigaisho or their homes, to which they were conveyed. Capt Crowningshield, one of the survivors of the Oneida, was blown off the paddle-box. Mr Skinner, Mr Black, Mr Wilis Mr Daniels, and Mr Milne, were badly scalded, and taken to the Yedo Hotel, where they received prompt attention from Dr Wheeler of the Legation, and the medical men of Yokohama, nearly every one of whom afforded timely help. Sixty-four are still under treatment.

Sir Harry Parks has insisted with much pertinacity on Her Majesty being styled *Ka Tai* (heavenly ruler). To this the Japanese object that it is a title which they consider applicable only to the Mikado himself, as descended from the gods, and are not willing therefore to so designate the Queen of England. With much good sense the Japanese have stated that they are quite willing to address sovereigns by the title they are known to their respective subjects by. So long as they occupy this firm ground they can afford to smile at a threatened rupture of diplomatic relations which has been talked about. The Japanese have been given three months in which to determinate this tremendous question.

DRESS-MAKING AND MANTLE-MAKING.—These departments will be opened at London House on Sept 19th, under the charge of a thoroughly experienced cutter, who arrived from England by the California, and who is prepared to produce the latest styles. *

PHOTOGRAPHS. — Persons desirous of purchashing a selection of British Columbian views are requested to call and do so at once, as this is positively the last week they will be sold at half price at Dally's Photographic Gallery, Fort street, Victoria. *

A. GILMORE, MERCHANT TAILOR, and General Outfitter, has removed his place of business to the store adjoining the Colonial Hote and opposite the Colonist Office, on Government street, fourth door from Yates, where he proposes to give his old friends and new customers a chance on the principle of quick sales and small profits. *

REMEMBER THE FATE OF ABSALOM.—Fred Payne, Tonsorial Artist. Shaving 12½ cents Hair Cutting 25 cents, Shampooing 25 cents, That Original Cheap Shaving Shop stands on the sunny side of Johnson street. *

Auction Sales.

Miscellaneous.

French Medicines.

PREPARED BY

GRIMAULT & CO.

Chemists to H. I. H. Prince Napoleon

PARIS.

These different medicines represent the most recent medical discoveries, founded on the principles of Chemistry and therapeutics. They must not be confounded with secret or quack medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the faculty in the whole world. They widely differ from those numerous medicines advertised in the public paper as able to cure every possible disease, as they are applicable only to but a very few complaints. The most stringent laws exist in France, with regard to the sale of medical preparations, and only those which have undergone an examination by the Academy of Medicine, and have been proved efficacious, either in the Hospitals, or in the practice of the first medical men, are authorised by the Government. This fact must be a guarrantee for the excellency of MESSRS. GRIMAULT & Co's medicines.

Women's and Children's Diseases.

Grimault's Syrup of Iodized Horse Radish.

Patronized for more than twenty years by the Paris Physicians. Cures lymphatism, rachitism, scrofula, congestion of the glands of the neck, paleness and flabbiness of the flesh, loss of appetite, weakness of constitution, the various eruptions on the face, boils, pimples, itchings,—it is the best remedy against the first stage of consumption, and it is the most powerful depurative known.

DOCTOR LERAS'

(Doctor of Medicine.)

SOLUBLE PHOSPHATE OF IRON.

Clear as spring water and tasteless; has the advantage over all ferruginous preparations of containing Iron and Phosphorous, which are the elements of the blood. It cures chlorosis, pains in the stomach, difficult digestions, dismenorrhea, anæmia, general debility and poorness of the blood, and agrees especially with the most delicate stomachs.

LUNG DISEASES.

Grimault's Syrup of Hypophosphite of Lime.

It is the best and the most rational of all remedies against consumption. Under its influence the cough abates, the night sweats cease, and the patient rapidly recovers health: It gives the same results in cases of coughs, catarrhs, hooping coughs and influenza. In comparing this syrup with the other sold under the same name, it will be easy to recognise the superiority of this preparation.

Therefore to avoid any substitution, please to require on the bottle the signature: Grimault and Co.

NERVOUS HEADACHE and NEURALGIA.

GUARANA.

A single powder of this natural vegetable production is sufficient to cure instantly the most violent sick headache. It is the most valuable remedy against diarrhœa.

Digestive Powders, Pills & Elexir of

PEPSINE.

Of certain effect against nausea, pituite, heart-burn, gastritis, gastralgia, children's diarrhœa, inflamation of the mucous coats of the stomach and bowels, vomiting during pregnancy, jaundice, etc.

NO MORE COPABIA OR CUBERS.

Grimault's Capsules and Liquid Extract of Matico Vegetalis.

Where all other Medicines have failed, these preparations will always effect a cure. These insure rapid and extraordinary cure of severe, recent and chronic cases of private disease. They are used in the Hospitals of Paris, by the celebrated Dr Ricord, and are found greatly superior to all hitherto known mineral remedies and Copabia and Cubebs. The injection is used in recent and capsules in the more chronic cases.

NO MORE DIFFICULT OR PAINFUL DIGESTION!

DR BURIN DU BUISSON'S DIGESTIVE LOZENGES.

This delicious preparation is always prescribed by the most reputed medical men in France, in cases of derangements of the digestive functions, such as gastritis, gastralgia, long and laborious digestions, wind in the stomach and bowels, emancipation, jaundice and complaints of the liver and loins.

They are considered by physicians as being superior to the celebrated Vichy Lozenger.

Largesse's Syrup & Paste

OF SEA PINE SAP.

These two preparations are invalnable and taken with the utmost success for consumption and the various diseases of the chest, and especially for coughs, colds, catarrhs, influenza, hooping cough, bronchitis, asthma, and also for the different affections, of the urinary organs

FERRUGINOUS SYRUP.

OF PERUVIAN BARK.

Superior to all the compounds of Iron for all diseases of the chest, fainting, nervous affections, painful digestions and impoverished blood; it is recognized as the best and most agreeabl remedy.

ASTHMA. ASTHMA. ASTHMA

INDIAN CIGARETTES

Prepared with the Essence of Cannabis indica

Wonderful results have been obtained from the use of these cigarettes, by persons suffering from Acthma and other complaints of the respiratory organs.

N.B.—All the above medical preparations are accompanied by instructions as to the manner in which they are to be taken,

Medical.

TO PHYSICIANS.

NEW YORK, August 15th, 1868.

Allow me to call your attention to my PREPARATION OF COMPOUND EXTRACT BUCHU. The component parts are, BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES:

MODE OF PREPARATION—Buchu, in vacuo. Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used and a small proportion of spirit. It is more palatable than any now in use.

Buchu as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates, the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever or inflamation exists. In this you have the knowledge of the ingredients and the mode of preparation

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation,

With a feeling of profound confidence.

I am, very respectfully,

H. T. HELMBOLD,

Chemist and Druggist of 19 year's experience

(From the largest Manufacturing Chemists in the World.)

NOVEMBER 4 1854

"I am acquainted with Mr. H. T. Helmbold; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise.

WILLIAM WEIGHTMAN,

Firm of Powers and Weightman, Manufacturing Chemists, Ninth and Brown Streets, Philadelphia.

HELMBOLD'S

FLUID EXTRACT

BUCHU!

For weakness arising from indiscretion. The exhausted powers of Nature which are accompanied by so many alarming symptoms, among which will be found, Indisposition to Exertion, Loss of Memory, Wakefulness, Horror of Disease, or Forboding of Evil; in fact, Universal Lassitude, Prostration and Inability to enter into the enjoyments of society.

THE CONSTITUTION

Once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment in submitted to, Consumption or Insanity ensues.

Helmbold's Fluid Extract of Buchu

In affections peculiar to Females, is unequalled by any other preparation, and all complaints incidental to the sex, or the decline or change.

Helmbold's Fluid Extract Buchu

AND

IMPROVED ROSE WASH

Will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure, completely superseding those unpleasant and dangerous remedies. Copaiva and Mercury, in all these diseases.

USE

Helmbold's Fluid Extract Buchu

In all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Park or Iron.

Those suffering from broken down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the great Diuretic

Sold by Druggists everywhere. Price $1.25 per bottle, or 6 Bottles for $6.50. Delivered to any address. Describe Symptoms in all communications.

ADDRESS,

H. T. HELMBOLD,

Drug and Chemical Warehouse,

594 BROADWAY, NEW YORK,

NONE ARE GENUINE unless done up in steel engraved wrapper with fac-similie of my Chemical Warehouse, and signed

H. T. HELMBOLD.

Political.

Lillooet District.

To the Electors of Clinton and Lillooet District

GENTLEMEN,—You want a man to represent you in the Legislative Council. A good many of you have urged me to seek the representation of the District. I offer my services.

I am in favor of Confederation, because it is the policy of the Home Government, irresistible, and it will end a system that means nothing but taxation.

The people who have voted pensions to public officers for important services rendered to their country, have exhibited sure signs of common sense, justice and gratitude. Pensions to such public officers as ours would be evidence of extreme folly.

The chief duty of your representatives at the next meeting of the Legislative Council, will be to examine the contract we are about to make with Canada, and if there are in it any conditions detrimental to the interests of this colony, to exhibit their injustice and demand amendment.

I am no orator. The majority of those who try to be eloquent are merely nonsensical; they forget that this is a practical age, and that a grain of common sense is better than a ton of chaff. "I HAD RATHER SPEAK FIVE WORDS WITH MY UNDERSTANDING THAN TEN THOUSAND WORDS IN AN UNKNOWN TONGUE"

I value the friendship and goodfellowship that exist between myself and the majority of the men in the District; they will be pleased to hear that I shall not solicit one vote as a personal favor. Friendship and goodfellowship should not presume to stand between you and your duty. Elect the best man. If you elect me I promise I shall make gentlemen ashamed of having voted pensions to themselves for duties not discharged.

I have the honor to be a firstrate ploughman, and your obedient servant,

GEORGE A. KELLY
